

Urge Congress to support the Equality Act!

This week LGBTQ history will be made when, for the first time, the U.S. House of Representatives will vote on the **Equality Act!**

It's critical your members of Congress hear from you about why comprehensive federal LGBTQ protections are needed. Despite significant progress, LGBTQ Americans still lack basic federal nondiscrimination protections in housing, employment, public accommodations, credit, education, federally funded programs and even jury service.

For over a month, Equality Florida members have been educating members of Congress in our state on how discrimination affects the lives of LGBTQ Floridians — **now we need your voice! Contact your members of Congress TODAY and tell them to support the Equality Act!**

It can be tough knowing where to get started in today's overwhelming political climate. Contacting your member of Congress can provide an opportunity to take direct action that will make a difference in our country.

Rush an email urging Congress to pass the Equality Act right away, Robyn! This is the best way to help our elected leaders understand how important this moment is.

Together, we can move equality forward!
