

Thank you so much for completing the pledge and committing to take the 2022 U.S. Trans Survey. We know you've been wondering, and we want to let you know that the survey will go live this summer. We are so excited!

Over 25,000 people have taken the pledge so far, and we want to continue building momentum for the survey in the months to come. In the meantime, we're working hard to make sure this is our biggest and best survey yet.

Here are a few things to know about the survey before it comes out:

- The survey is open to trans people (binary and nonbinary), ages 16 and up who are living in the United States and U.S. territories, regardless of citizenship status.
- Pledging to take the survey does not obligate you to take the survey. Participation is voluntary.
- The survey is completely anonymous.
- The survey will be available in both English and Spanish.

Our team will email you updates about the survey as we get closer. In the meantime, please spread the word and [invite your trans community to pledge](#). With your help, we can make this the most successful community-led survey for and by trans people in the country.

If you have any questions, please don't hesitate to reach out to our team at ustranssurvey@transequality.org.
